About the Property

Charming Duplex-Style Home in Wildwood Crest's New Streetscape Revitalization Area! Offering incredible flexibility for multi-generational living or simply extra space to spread out. This home features an exterior entrance to the second floor as well as an interior staircase connecting both levels giving you the option to keep the second floor private or open the whole home up as one large living space. The first floor welcomes you in from a wonderful screened-in porch that captures the essence of seashore living. This level features three bedrooms and one bathroom, along with an open, spacious living area anchored by two generous rooms a family room and a dining room all under ceilings just over 9 feet high. The eat-in kitchen flows out to a rear deck and the fenced-in backyar ...
