About the Property

New construction townhome in Townsend's Inlet, just steps from one of the Jersey Shore's most premier coastlines. Built by Rockwell Custom a builder renowned for uncompromising craftsmanship and attention to detail this approximately 2,100 sq. ft. luxury residence showcases a sleek modern design, open-concept living, and a level of construction quality that truly sets it apart from anything else on the island. The residence features 5 bedrooms, a first-floor bonus room that can serve as a 6th bedroom, 4 full baths, and 1 half bath, along with a private elevator and a pool offering the perfect combination of comfort and coastal luxury. The third-floor living area is thoughtfully designed to capture sweeping ocean views while providing an ideal space for entertaining and gatheri ...
