About the Property

This Southend New Construction in a Prime Location has a unique layout and will offer 5 bedrooms, 3.5 baths and a private 4 stop elevator. On the first level you will be greeted by a foyer that leads to 2 bedrooms (one with private deck) and a shared bath. The first level also has access to the garage and a laundry closet. The second level provides 2 more bedrooms, another full bath and the massive primary suite with private bath and walk in closet. The top level is made for entertaining. The cathedral ceilings and windows will provide tons of natural light. The large living area, kitchen with center island and spacious dining area flow together to create a wonderful space for everyone to enjoy. There is access to the partially covered top floor deck from either the dining or living areas. ...
