About the Property

This lake-view corner, new-construction home is situated on a rare, oversized lot and offers 2,874 square feet of living space, not including the four screened porches, a double-wide driveway, and a spacious porcelain patio and walkway. This 5-bedroom, 4.5-bathroom upside-down layout home with an elevator, built by the renowned FX Construction, features numerous upgrades as listed in the exhibit. The first floor includes an open foyer with elevator access, three bedrooms one being a first-floor suite two designer bathrooms, a laundry room, and a large family room. Upstairs, an open staircase leads to a stunning great room with vaulted and shiplap ceilings, a fireplace, and an open designer kitchen equipped with GE Profile appliances, a built-in refrigerator, and a pantry. The primary s ...
