About the Property

WOW. Just what many of you have been waiting for. A home with tons of space in a quiet neighborhood, that includes a spacious in-law suite as nice as any you'll find. The main house includes a large living room, eat-in kitchen with Stainless steel appliances, and a formal dining room or family room whatever your preference. This large area could actually also be made into a master bedroom suite. Upstairs you'll find 3 bedrooms and a full bath awaiting you. The in-law suite is totally remodeled and self-contained with entrances from both outside and inside the home. You can relax in the generous living room or walk out to the huge 30x33 ft. deck. The master bedroom has lots of space along with double closets and adjoins the renovated master bath. The kitchen area is also very nicely redone ...
