About the Property

A private estate of enduring quality and possibility. Custom built by its owner in 2006, this exceptional single family home is a rare offering where thoughtful construction meets the opportunity to create something truly special. Set on a full acre, the property offers both space and privacy, a canvas for your dream lifestyle. From the moment you arrive, the timeless brick front and expansive setting make a lasting impression. Beneath the surface, the home was built to a higher standard, featuring 2x6 framed wall construction, a 40 year Timberline roof with ridge venting, and a solid poured concrete full basement (12 front wall, 8 perimeter) reinforced with steel support beams. A level of quality you can feel. The full basement continues to impress, featuring a separate outdoor ...

Features
