About the Property

100 feet of bay frontage. 4,500 conditioned square feet with a 3-stop elevator and oversized two-car garage. A 900-square-foot fixed pier extending entirely over the water. All positioned within one of the most coveted waterfront settings on Seven Mile Island. The exterior architecture blends natural cedar shingle siding and roofing with standing seam metal accents, blue shutters, and mature landscaping to create a timeless coastal aesthetic. A bluestone porch with a gas lantern provides a picturesque approach to the home, while staggering water views immediately capture your attention upon entering the dramatic two-story foyer. Designed with a right-side-up layout, the home s primary entertaining spaces are positioned directly along the bayfront, with 50 linear feet dedicated to the li ...
