About the Property

Designed by Mark Asher and set along the bay with wide water views, this magnificent home offers bayfront living with high-end designs, refined interiors, luxury finishes, and a layout made for entertaining. The layout works naturally for long summer days, from time by the pool to dinner on the deck and sunset boat rides on the bay. Inside, the main living level is open, spacious, and perfect for small or large gatherings. The living room features a gas fireplace and connects easily to the kitchen, dining area, and outdoor spaces. The chef's kitchen includes Thermador appliances, paneled refrigeration, a large island, wet bar, pantry, and coffee bar. Custom cabinetry, hardwood flooring, thoughtful built-ins, and curated decor give the home a finished, elevated feel throughout. Covered a ...
