About the Property

At the heart of any commercial venture is a professional space, something that speaks to success and professionalism. Something with all the amenities so employees can do their best work in a space that they truly enjoy coming to every day. That's what this office building has to offer. It's got everything you need for your business- from scalable conference rooms with state-of-the art technology, private offices large enough for team collaboration, and a complete CAT 5 cabling system (totaling around 25 miles) throughout the building which will help ensure seamless connectivity. The building is backed up by a diesel powered generator, and all lighting has been converted to LED. The pride in ownership is shown throughout this single tenant building. This building can remain for single ten ...
