About the Property

Beautiful classic home with the big updates already done for you. Built in 1961, this four bedroom, three and a half bath home blends charm with everyday functionality. Upstairs offers three bedrooms, plus a fourth set up as an in law suite with its own private entrance and a large handicap accessible bathroom. Laminate flooring runs throughout the first two floors, and the layout offers great space with a finished basement currently used as an office and game room. Two car garage with plenty of additional parking. Major updates over the past three years includes new windows installed throughout at a cost of 15k, a new roof and leased solar panels, two new air conditioning condensers valued at over 15k, remodeled bathrooms, and fresh paint throughout.
