About the Property

Welcome to this beautifully maintained 3,400 sq. ft. home located in the highly sought-after Coventry Village community, offering space, light, efficiency, and incredible indoor and outdoor living. Step into a grand two-story foyer flanked by formal living and dining rooms, creating an impressive entrance. The home features a huge two-story living room filled with natural light, adjacent to a large private home office, perfect for working from home (this room could also be a first floor bedroom). The modern kitchen includes a large island, 42-inch cabinets, leather-granite countertops, updated/modern stainless-steel appliances, and a bright sitting area. Also important to note is the high-hat lighting throughout nearly every room, creating a bright and modern feel across the entire house ...
