About the Property

Quality doesn't always announce itself. Sometimes it's found in a home that's been carefully updated, exceptionally maintained, and designed to be lived in. Welcome to 511 Delaware Avenue. This well-maintained property offers modern, updated kitchen and bathrooms, attractive flooring throughout, and a flexible climate-control system combining central air with ductless units for year-round comfort. Multiple gas fireplaces provide supplemental heat while adding warmth and character to the living spaces. The oversized two-car garage includes a workshop area, with the option to remove the semi-permanent walls if additional vehicle storage is preferred. Outside, the large, level over half an acre lot offers exceptional usable space for entertaining, recreation, or gardening. The backyard feat ...
