About the Property

A lot of house at a great new price!

Traditional Colonial with covered front entry and over 2,600 square feet of living space and a full basement that could be finished into additional living space. This inviting 4 bedroom, 2.5 bath home features an updated kitchen with white cabinets, granite countertops and stainless steel appliances. Luxury vinyl wood flooring throughout the 1st floor. The impressive oversized primary suite offers a tray ceiling and private bath with soaking tub, separate shower and dual sinks. Additional highlights include 2 staircases to the 2nd floor, a dedicated laundry room on the 1st floor, new gas heat and central air, full unfinished basement (includes a sauna that will stay with the sale), two car attached garage with 2 new garage doors and a fully fenced y ...
