About the Property

There's something about Smithville that makes an ordinary day feel like a little getaway, and this first-floor condo puts you right in the middle of it. Start your morning with a stroll along the nature paths, spend an afternoon exploring the shops at Historic Smithville Village, then come home to a cozy fire and a space that's ready to become your own. The one-bedroom, one-bathroom layout gives each part of the day its place. There's a dedicated area for dining, a separate living space with a fireplace, and a generously sized primary bedroom with ample closet space. An in-unit washer and dryer make daily routines easier, while a newer water heater and A/C unit take care of two of the bigger-ticket items. Inside, you'll find the opportunity to add your own style.
